

**Purpose is at the root of our existence. It's the water that nourishes us and the fuel that drives us to perform beyond what's expected and see beyond what's possible. It's our why.**

With this single green leaf that stems from the second letter in our logo, we show how our Mission, Identity, and Values are what bring us together.

**PURPOSE**  
*why we exist*

**Connecting the world to share food  
and care for one another**

**Sysco**<sup>®</sup>  
At the heart of  
food and service
